

Articulation Agreement
Appendix A
Midwestern Career College
and
American InterContinental University

***Articulation – Associate Degree to
AIU Bachelor Specialization Programs***

Approved **Midwestern Career College** degrees, as listed in Table 1 (see next page), may be articulated into the AIU Bachelor Specialization programs indicated with a check mark.

Students with the conferred degrees as shown in Table 1 are approved to enter the Bachelor Specialization programs as listed in Table 1 at Junior standing, with up to 90 quarter hours of credit. Associate degree CGPA must be 2.0 or above on a 4.0 scale.

Midwestern Career College Associate degrees as shown in Table 1 from catalogs previous to the 2017-2018 **Midwestern Career College** catalog may be reviewed on a case by case basis, and are not explicitly covered under this agreement. AIU must be notified of curriculum changes in a timely manner so that this agreement can be amended, if necessary.

AIU has age restrictions in regards to accepting transfer credit for specific undergraduate and graduate courses. Students' courses will be reviewed individually to determine eligibility of transfer based on course completion date.

The University reviews its academic programs on a regular basis to ensure relevancy with current employment requirements and market needs. As deemed appropriate, AIU may change, amend, alter or modify program offerings and schedules to reflect this feedback. As such, the current AIU catalog should be consulted for degree requirements at the time of enrollment. The most recent AIU catalog and Addendum can be found at AIUNIV.EDU, by clicking [here](#).

Midwestern Career College degrees not listed below are not covered under this agreement.

Articulation Agreement

Appendix B

Midwestern Career College and American InterContinental University

Students with the conferred degrees as shown in Table 1 are approved to enter the Bachelor Specialization programs as listed in Table 1.

The student must meet the specific Bachelor's degree requirements of AIU, which may mean extending the number of credit hours to earn the degree if the 60 semester hours or 90 quarter hours in the Associate degree do not include all of the degree prerequisites or graduation requirements of AIU.

Students may be required to complete AIU courses, if equivalent courses were not completed within Associate degree. This may extend total program length beyond 180 quarter hours, depending on the coursework completed within the conferred Associate degree, and if the Associate degree was in a different field than the student's selected program at AIU.

Midwestern Career College Associate degree graduates may also be required to take additional general education courses in order to fulfill program requirements or prerequisite requirements (depending on the general education coursework completed within the conferred Associate degree).

If a college level, degree applicable course is determined to be substantially similar to a course in the student's program at AIU, the student will not be required to repeat the course. Upon review of the individual student's official transcript, any matching coursework, as determined by AIU Prior Learning Assessment, will be removed from the remaining requirements. A maximum of 90QH can be applied in transfer of a conferred articulating Associate degree. Up to 45QH of the remaining 90QH with AIU may be fulfilled by transfer credit outside of the articulating degree, if the courses are applicable to the remaining Bachelor's degree requirements. However, a minimum of 25% of the hours required to earn an AIU Bachelor's degree (at least 45QH) must be completed with AIU. General electives may be scheduled in order to meet the minimum degree requirement of 180 quarter hours in the event that a student has met multiple prerequisite courses or core requirements within their **Midwestern Career College** degree.

Upon enrollment, students should provide AIU Prior Learning Assessment with a current copy of their official or unofficial transcript so that a tentative degree plan can be created. An official transcript must be on file for credit to be posted to the student's degree plan. AIU Prior Learning Assessment can be contacted at the following email address: PriorLearningAssessment@aiuniv.edu. Students should include **Articulation** in the subject line, and indicate that they are enrolling under the terms of the **Midwestern Career College**/AIU articulation agreement.

Complete degree requirements, courses, and options in the Bachelor specialization programs are listed in the most recent AIU catalog/catalog addendum.

Transfer Support Materials

Remaining Requirements for AIU Bachelor's Specialization Programs

Current AIU degree requirements for the Bachelor's Specialization programs are found on the following pages. The AIU courses satisfied by a conferred Midwestern Career College degree based on a review of the current Midwestern Career College degree catalog requirements are labelled with a specific Midwestern Career College course or as 'waived'. The specific degree reviewed is listed at the bottom of each page. Courses highlighted in yellow will be taken at AIU.

Not all specialization options are available at all campuses. See [Table 1](#) for degrees and specialization options offered by campus. Complete degree requirements for the Bachelor's programs are outlined in AIU's most recent catalog/catalog addendum.

Every state has specific educational requirements that must be fulfilled in order to sit for the Certified Public Account (CPA) Examination. Students are responsible for fulfilling the requirements of the state where they plan to sit for the CPA exam. For a list of all of the state boards of accountancy, go to

<http://www.aicpa.org/Research/ExternalLinks/Pages/StateBoardsOfAccountancyLinks.aspx>.

The University reviews its academic programs on a regular basis to ensure relevancy with current employment requirements and market needs. As deemed appropriate, AIU may change, amend, alter or modify program offerings and schedules to reflect this feedback. As such, the current AIU catalog should be consulted for degree requirements at the time of enrollment.
