

Articulation Agreement Appendix A

Georgia Piedmont Technical College and American InterContinental University

Articulation – Associate's to AIU Bachelor's Specialization Programs

Approved Georgia Piedmont Technical College degrees, as listed in [Table 1](#) (see next page), may be articulated into the AIU Bachelor's Specialization programs indicated with a check mark.

Students with the conferred degrees as shown in Table 1 are approved to enter the Bachelor's Specialization programs as listed in Table 1 at Junior standing, with 90 quarter hours of credit. Associate degree CGPA must be 2.0 or above on a 4.0 scale.

Georgia Piedmont Technical College Associate degrees not listed in Table 1, or degrees from catalogs previous to the 2011-2012 Georgia Piedmont Technical College catalog may be reviewed on a case by case basis, and are not explicitly covered under this agreement. AIU must be notified of curriculum changes in a timely manner so that this agreement can be amended, if necessary.

The University reviews its academic programs on a regular basis to ensure relevancy with current employment requirements and market needs. As deemed appropriate, AIU may change, amend, alter or modify program offerings and schedules to reflect this feedback. As such, the current AIU catalog should be consulted for degree requirements at the time of enrollment. The most recent AIU catalog and Addendum can be found at AIUNIV.EDU, at the following address:

<http://www.aiuniv.edu/Admissions/Documents-And-Resources>

Table 1 – Georgia Piedmont Technical College degrees approved for articulation

Georgia Piedmont Technical College degrees in the left column can be articulated into the AIU Bachelor's degrees indicated with a check mark.

Georgia Piedmont Technical College degrees not listed below can be reviewed for possible articulation on a case by case basis.

Articulation Agreement

Appendix B

Georgia Piedmont Technical College and American InterContinental University

Students with the conferred degrees as shown in [Table 1](#) are approved to enter the Bachelor's Specialization programs as listed in Table 1.

The student must meet the specific Bachelor's degree requirements of AIU, which may mean extending the number of credit hours to earn the degree if the 60 semester hours or 90 quarter hours in the Associate degree do not include all of the degree prerequisites or graduation requirements of AIU.

Students may be required to complete AIU Lower Division Core courses, if equivalent courses were not completed within Associate degree. This may extend total program length beyond 180 quarter hours, depending on the coursework completed within the conferred Associate degree, and if the Associate degree was in a different field than the student's selected program at AIU.

Georgia Piedmont Technical College Associate degree graduates may also be required to take additional general education courses in order to fulfill program requirements or prerequisite requirements (depending on the general education coursework completed within the conferred Associate degree).

Please note that students who reside in Arkansas or Minnesota at the time of enrollment at AIU will be required to complete HIST 105, U.S. History, in place of one General Elective if they have not completed a comparable course within their conferred Associate degree.

If a college level, degree applicable course is determined to be substantially similar to a course in the student's program at AIU, the student will not be required to repeat the course. Upon review of the individual student's official transcript, any matching coursework, as determined by AIU's Prior Learning Assessment Department, will be removed from the remaining requirements. A maximum of 90QH can be applied in transfer of a conferred articulating Associate degree. A minimum of 25% of the hours required to earn an AIU Bachelor's degree (at least 45QH) must be completed with AIU.

Upon enrollment, students should provide AIU Prior Learning Assessment with a current copy of their official or unofficial transcript so that a tentative degree plan can be created. An official transcript must be on file for credit to be posted to the student's degree plan. AIU Prior Learning Assessment can be contacted at the following email address: 850AIUOPLA@careered.com. Students should include **Articulation** in the subject line, and indicate that they are enrolling under the terms of the Georgia Piedmont Technical College/AIU articulation agreement.

Complete degree requirements, courses, and options in the Bachelor's specialization programs are listed in the most recent AIU catalog/catalog addendum.

Remaining Requirements for AIU Bachelor's Specialization Programs

Remaining requirements for Bachelor's Specialization programs are found on the following pages. Georgia Piedmont Technical College degrees in the left column articulate into AIU programs in the right column, with the remaining requirements specified.

Not all specialization options are available at all campuses. See [Table 1](#) for degrees and specialization options offered by campus. Complete degree requirements for the Bachelor's programs are outlined in AIU's most recent catalog/catalog addendum.

The University reviews its academic programs on a regular basis to ensure relevancy with current employment requirements and market needs. As deemed appropriate, AIU may change, amend, alter or modify program offerings and schedules to reflect this feedback. As such, the current AIU catalog should be consulted for degree requirements at the time of enrollment. The most recent AIU catalog and Addendum can be found at [www.AIUNIV.EDU](http://www.aiuniv.edu), at the following address:
