Articulation – Associate's to
AIU Bachelor's Specialization Programs

Approved Lone Star College System degrees, as listed in Table 1 (see next page), may be articulated into the AIU Bachelor's Specialization programs indicated with a check mark.

Students with the conferred degrees as shown in Table 1 are approved to enter the Bachelor's Specialization programs as listed in Table 1 at Junior standing, with 90 quarter hours of credit. Associate degree CGPA must be 2.0 or above on a 4.0 scale.

Lone Star College System Associate degrees not listed in Table 1, or degrees from catalogs previous to the 2012-2013 Lone Star College System catalog may be reviewed on a case by case basis, and are not explicitly covered under this agreement. AIU must be notified of curriculum changes in a timely manner so that this agreement can be amended, if necessary.

The University reviews its academic programs on a regular basis to ensure relevancy with current employment requirements and market needs. As deemed appropriate, AIU may change, amend, alter or modify program offerings and schedules to reflect this feedback. As such, the current AIU catalog should be consulted for degree requirements at the time of enrollment. The most recent AIU catalog and Addendum can be found at AIUNIV.EDU, at the following address:

Articulation Agreement
Appendix B

Lone Star College System

and

American InterContinental University

Students with the conferred degrees as shown in Table 1 are approved to enter the Bachelor's Specialization programs as listed in Table 1.

The student must meet the specific Bachelor's degree requirements of AIU, which may mean extending the number of credit hours to earn the degree if the 60 semester hours or 90 quarter hours in the Associate degree do not include all of the degree prerequisites or graduation requirements of AIU.

Students may be required to complete prerequisite courses, if equivalent courses were not completed within Associate degree. This may extend total program length beyond 180 quarter hours, depending on the coursework completed within the conferred Associate degree, and if the Associate degree was in a different field than the student's selected program at AIU.

Please note that students who reside in Arkansas or Minnesota at the time of enrollment at AIU will be required to complete HIST 105, U.S. History, in place of one General Elective if they have not completed a comparable course within their conferred Associate degree.

If a college level, degree applicable course is determined to be substantially similar to a course in the student's program at AIU, the student will not be required to repeat the course. Upon review of the individual student's official transcript, any matching coursework, as determined by AIU's Prior Learning Assessment Department, will be removed from the remaining requirements. A maximum of 90QH can be applied in transfer of a conferred articulating Associate degree. Up to 45QH of the remaining 90QH with AIU may be fulfilled by transfer credit outside of the articulating degree, if the courses are applicable to the remaining Bachelor's degree requirements. However, a minimum of 25% of the hours required to earn an AIU Bachelor's degree (at least 45QH) must be completed with AIU. General electives may be scheduled in order to meet the minimum degree requirement of 180 quarter hours in the event that a student has met multiple prerequisite courses or core requirements within their Lone Star College System degree.

Upon enrollment, students should provide AIU Prior Learning Assessment with a current copy of their official or unofficial transcript so that a tentative degree plan can be created. An official transcript must be on file for credit to be posted to the student's degree plan. AIU Prior Learning Assessment can be contacted at the following email address: 850AIUOPLA@careered.com. Students should include **Articulation** in the subject line, and indicate that they are enrolling under the terms of the Lone Star College System/AIU articulation agreement.

Complete degree requirements, courses, and options in the Bachelor's specialization programs are listed in the most recent AIU catalog/catalog addendum.

Remaining Requirements for
AIU Bachelor's Specialization Programs

Remaining requirements for Bachelor's Specialization programs are found on the following pages. Lone Star College System degrees in the left column articulate into AIU programs in the right column, with the remaining requirements specified.

Not all specialization options are available at all campuses. See **Table 1** for degrees and specialization options offered by campus. Complete degree requirements for the Bachelor's programs are outlined in AIU's most recent catalog/catalog addendum.

Every state has specific educational requirements that must be fulfilled in order to sit for the Certified Public Accountant (CPA) Examination. Students are responsible for fulfilling the requirements of the state where they plan to sit for the CPA exam. For a list of all of the state boards of accountancy, go to http://www.aicpa.org/yellow/ypsboa.htm.
