

Articulation Agreement Appendix A

Palm Beach State College and American InterContinental University

Articulation – Associate's to AIU Bachelor's Specialization Programs

Approved Palm Beach State College degrees, as listed in [Table 1](#) (see next page), may be articulated into the AIU Bachelor's Specialization programs indicated with a check mark.

Students with the conferred degrees as shown in Table 1 are approved to enter the Bachelor's Specialization programs as listed in Table 1 at Junior standing, with 90 quarter hours of credit. Associate degree CGPA must be 2.0 or above on a 4.0 scale.

Palm Beach State College Associate degrees not listed in Table 1, or degrees from catalogs previous to the 2011-2012 Palm Beach State College catalog may be reviewed on a case by case basis, and are not explicitly covered under this agreement. AIU must be notified of curriculum changes in a timely manner so that this agreement can be amended, if necessary.

**Table 1 – Palm Beach State College degrees
approved for articulation**

Palm Beach State College degrees in the left column can be articulated into the
AIU Bachelor's degrees indicated with a check mark.

Palm Beach State College degrees not listed below can be reviewed for possible articulation on a case by case basis.

Articulation Agreement

Appendix B

Palm Beach State College

and

American InterContinental University

Students with the conferred degrees as shown in [Table 1](#) are approved to enter the Bachelor's Specialization programs as listed in Table 1.

The student must meet the specific Bachelor's degree requirements of AIU, which may mean extending the number of credit hours to earn the degree if the 60 semester hours or 90 quarter hours in the Associate degree do not include all of the degree prerequisites or graduation requirements of AIU.

Students may be required to complete AIU Lower Division Core courses, if equivalent courses were not completed within Associate degree. This may extend total program length beyond 180 quarter hours, depending on the coursework completed within the conferred Associate degree, and if the Associate degree was in a different field than the student's selected program at AIU.

Palm Beach State College Associate of Science and Associate of Applied Science degree graduates may also be required to take additional general education courses in order to fulfill program requirements (depending on the general education coursework completed within the conferred Associate degree). Palm Beach State College Associate of Arts degrees will be considered to have satisfied all AIU general education and general elective requirements.

If a college level, degree applicable course is determined to be substantially similar to a course in the student's program at AIU, the student will not be required to repeat the course. Upon review of the individual student's official transcript, any matching coursework, as determined by AIU's Prior Learning Assessment Department, will be removed from the remaining requirements. A minimum of 25% of the hours required to earn an AIU Bachelor's degree (at least 45QH) must be completed with AIU.

Upon enrollment, students should provide AIU Prior Learning Assessment with a current copy of their official or unofficial transcript so that a tentative degree plan can be created. An official transcript must be on file for credit to be posted to the student's degree plan. AIU Prior Learning Assessment can be contacted at the following email address: 850AIUOPLA@careered.com. Students should include **Articulation** in the subject line, and indicate that they are enrolling under the terms of the Palm Beach State College/AIU articulation agreement.

Complete degree requirements, courses, and options in the Bachelor's specialization programs are listed in the most recent AIU catalog/catalog addendum.
