

Certificate In Digital Filmmaking

OVERVIEW

AIU®'s Certificate in Digital Filmmaking is designed to provide an introduction to the technical and creative skills needed in the digital film and video editing industries.

COURSEWORK

CURRICULUM INCLUDES

In this certificate program, students will explore a variety of film and video production areas such as production management, screenwriting, camera operation, lighting, audio recording, and video editing. Along the way, students may have an opportunity to earn third-party certification in various industry-standard software applications.

OUTCOMES

WE CAN HELP YOU

Through this certificate program, students will have the opportunity to receive an introduction to the skill sets and knowledge common to digital film and production, including how to:

- Break down scripts
- Budget and schedule production
- Light a set and use a camera to capture a scene
- Craft a story from script to final edit
- Develop short screenplays for production
- Edit films using industry-standard software
- Collaborate with classmates to create finished digital films
- Write, direct, and edit short films
- Capture and create high-quality sound on location

* Transfer credit is evaluated on an individual basis. Not all credits are eligible to transfer. See the University Catalog for transfer credit policies.

WHY AIU?

AIU offers a streamlined, real-world curriculum and flexibility designed to help you schedule school around your life, not the other way around. Along with industry-relevant undergraduate and graduate degrees, our specializations allow in-depth study in your area of interest.

To accommodate busy lives, we offer full- and part-time program options. Receive transfer-in credit* for eligible college, work, and military experience, which could cut down on the time it takes to earn a degree.
