Campus Security and Crime Prevention Information

The University prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) and the Violence Against Women Act (VAWA). This report is prepared by University staff from the Student Experience, Human Resources, and Regulatory Departments. The University combines information from internal records with information from the local Police Department, when available, and determines which incidents must be included in the annual campus crime statistics. The individual statistics reported for this campus for the past three years can be found here.

Nothing in the law shall be construed to permit a school to retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual with respect to the implementation of the Clery Act.

Campus Facilities

The University attempts to provide students and employees with a safe and secure environment in which to study and work. The University is open during posted hours, which may be adjusted as necessary to accommodate public health requirements or emergency situations. University facilities are locked during times the University is not open. Students must use their student ID badges to access secure locations during times the campus is open and are also expected to wear the badges while on campus. Cameras are located throughout the campus to monitor the facility. Security staff will periodically patrol the campus.

For student attending courses through the online platform, access is available to students 24/7.

The University considers the safety of students when maintaining campus facilities and utilizes a regular maintenance schedule to minimize the potential for hazardous conditions. Students and staff who identify maintenance needs that may pose a risk to safety should contact Campus Security at (404) 965-6424 or the Campus Director of Student Experience at (404) 965-6504.

Reducing Risk

While the University attempts to provide a safe and secure environment, students, faculty, staff, and campus visitors are ultimately responsible for their safety. Safety is enhanced when students and employees take precautions such as:

- Report all suspicious activity to a Campus Security Authority (CSA) or Responsible Employees immediately. The primary CSA for this campus is the Campus Director of Student Experience. Responsible Employees include faculty, staff, and administrative personnel.
- Never take personal safety for granted.
- Avoid walking alone at night. Travel with a friend or companion.
- Avoid parking or walking in secluded or dimly lit areas.
- Limit your alcohol consumption, and leave social functions that get too loud, too crowded, or that have too many people drinking excessively.
- Carry only small amounts of cash.
- Never leave valuables (wallets, purses, books, computers, etc.) unattended.
- Carry your keys with you at all times and don’t lend them to anyone.
- Lock your car doors and close the windows when leaving your car.
- Never leave valuables in your car especially if they are easily noticeable.
- Inventory your personal property and make records of the serial numbers of all items of value.
- Never admit anyone without a valid ID badge on campus/school premises.

The University informs students and employees about campus security procedures and practices, crime prevention, and positive options for bystander intervention during new student and employee orientation programs. These sessions are held prior to the beginning of a term (for students) and when new employees are hired. In addition, these programs also encourage students and employees to be responsible for their own security and the security of others.

**Reporting a Crime**

(click here for contact information)

If a student or employee is aware that a crime has been, or is being, committed on University property or at a University sponsored or recognized event off-campus during the hours that the University is open, the crime should be reported as follows:

1. As soon as possible to the Campus Director’s Office when the victim of a crime elects to, or is unable (physically/mentally) to, make such a report. The Campus Director’s Office is located on the second floor of the campus building located at 6600 Peachtree Dunwoody Road, 500 Embassy Row, Atlanta, GA 30328.
2. If the crime has been committed after regular business hours, it should be reported to the front desk, CSA, or security guard.
3. If the crime has been committed when the University is closed, it should be reported to the Campus Director’s Office or primary CSA as soon as possible after school is open.
4. In addition to reporting the crime to the Campus Director’s Office, the crime should be reported to the appropriate law enforcement authorities. The local police department for the University is the Sandy Springs Police Department, 7840 Roswell Road, Suite 301 in Sandy Springs. The local Police Department may be reached at (770) 551-6900. In an emergency, the local Police Department may be contacted by dialing 911.

Other emergencies should also be reported to the Campus Director’s Office.

Regular business hours for the school are 8:00 am to 10:30 pm Monday through Thursday, 8:00 am to 5:00 pm on Friday, and 9:00 am to 4:00 pm on Saturday.
The security personnel have authority to determine whether individuals have lawful business at the University and may request identification to make that determination. In addition, they have the authority to ensure that University policies, such as parking and building access, are followed. They do not, however, have arrest authority. Security services are provided by G4S, a third-party contract security company. The University works with local law enforcement agencies and refers criminal incidents to the local police department having jurisdiction over such matters. AIU does not have a written memorandum of understanding (MOU) with state or local law enforcement agencies to investigate alleged criminal offenses.

Certain institutional employees are designated as a CSA. The CSA may include any official of the institution who has significant responsibility for student and campus activities and who has the authority and duty to take action and respond to particular issues on behalf of the institution.

The primary CSA will work with local law enforcement, as appropriate, when a crime is reported. Crimes reported to the CSAs are included in the annual campus crime statistics.

If you are the victim of or witness to a crime and do not want to pursue action through the University or the criminal justice system, you may still consider voluntarily making a confidential report. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. Reports filed in this manner are included in the annual crime statistics for the University. Students who wish to make a confidential report of a crime can do so by contacting the Campus Director of Student Experience and informing that they wish to make a confidential report. The campus does not have any pastoral or professional counselors on staff and thus does not have any procedures to encourage such counselors to inform the persons they are counseling of the ability to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

The University does not tolerate violence or other threatening conduct against any members of the University community. This includes criminal acts against persons or property, as well as harassment based on age, color, disability, genetic information, marital status, national origin, race, religion, sexual orientation, veteran status, or any other status protected by applicable federal, state, or local law. The University will impose strict disciplinary actions and appropriately involve law enforcement officials should any acts of violence or threatening conduct occur on University facilities or at University-sponsored events. This includes acts of violence against women.

In addition to any criminal sanctions, the University will impose appropriate disciplinary sanctions if the offender is a student or employee of the University. The Campus Director’s Office, Title IX Coordinator, and Responsible Employees should be contacted should one wish to file a complaint. The University will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the
results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for the purposes of this paragraph. However, note that, in cases of dating violence, domestic violence, sexual assault, and stalking complaints both the accuser and the accused are given the results without the need to make a written request.

**Timely Warnings**

In an effort to provide timely notice to the campus community in the event of a Clery Act Crime that may pose a serious or ongoing threat to members of the community, the University issues “Timely Warnings.” The University may issue a Timely Warning for the following: arson; aggravated assault; criminal homicide; domestic violence; dating violence; robbery; burglary; motor vehicle theft; sexual assault; hate crimes; and stalking. The University may also issue a Timely Warning for alcohol, drug, and weapon arrests or referrals that may cause a continuing threat to the community. The University will distribute these warnings through a variety of ways, including but not limited to emails, posters, web postings, and media. The University also has the ability to send text message alerts to the cell phone number listed in the student and employee University records.

The purpose of a Timely Warning is to notify the campus community of the incident and to provide information that may enable the community to take steps to protect themselves from similar incidents. The Campus Director or designee will issue Timely Warnings considering on a case-by-case basis the following criteria: (1) one of the above listed crimes are reported; (2) the perpetrator has not been apprehended; and (3) there is a substantial risk to the safety of other members of the campus community because of this crime. The Campus Director or designee may also issue an alert in other circumstances, which may pose a significant threat to the campus community.

Additionally, the Campus Director or designee may, in some circumstances, issue Timely Warnings when there is a pattern of crimes against persons or property. The Campus Director or designee will make the determination, in consultation with other campus offices, if a Timely Warning is required. For incidents involving off-campus crimes, the University may issue a Timely Warning if the crime occurred in a location used and frequented by students, staff, and/or faculty.

**Emergency Response and Evacuation Procedures**

The University maintains an Emergency Response Operations Plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health and safety of members of the campus community. Such situations include, but are not limited to: tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters. Emergency Response Guides are posted at the University in every classroom. The Emergency Response Guide provides guidelines and procedures for various emergency situations, including but not limited to medical emergencies, violent crime in
progress, evacuations, fire, and weather emergencies. The University has also communicated with local police requesting their cooperation in informing the University about situations reported to them that may warrant an emergency response.

To report concerns that may require an emergency response, refer to the steps listed in “Reporting a Crime” section of this document.

If a potential emergency has been reported, the Campus Director will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the institution’s response and for marshaling the appropriate local emergency response authorities for assistance. Depending on the nature of the emergency, other University departments may be involved in the confirmation process.

Once the emergency is confirmed and based on its nature, the Campus Director will consult with other appropriate University officials to determine the appropriate segment or segments of the University community to be notified.

If it is determined that an impending or continuing threat to the health or safety of campus community members exists, University leadership and others involved in reviewing the threat will, without delay, and taking into account the safety of the community determine the content of an emergency notification using an existing template or developing new language. They will then initiate a campus safety alert via the University’s emergency notification system. The University may delay a notification if issuing the notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

The Campus Director is responsible for the issuance of an emergency notification/campus safety alert according to the notification system instructions. These alerts can be distributed in various ways, as deemed appropriate for the situation. Most commonly, upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff, an announcement will be sent to the University community in multi-modal format (e-mail, voice mail, or text using information listed in the student and employee University records) with information and instructions. The University will coordinate with local law enforcement to communicate the threat to the larger community as necessary.
The University tests emergency response and evacuation procedures annually through drills or exercises. The tests may be announced or unannounced and are scheduled by the Campus Director or the building management company. After the test is completed, these individuals will assess the effectiveness and identify opportunities for improvement, sometimes in consultation with the local agencies who performed the test. The University scheduled a fire drill for December 2019, but it was cancelled by the building management company due to weather issues; the drill was finally completed on February 27, 2020. Contact the Campus Director’s Office for more information.

The Campus Director maintains a record of these tests and training exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test each year, the University will distribute to its students and employees information to remind them of the University’s emergency response and evacuation procedures.

**Registered Sex Offenders**
The Jacob Wetterling Act requires states to obtain information concerning registered sex offenders’ enrollment or employment at institutions of higher education. Those seeking to obtain information about registered sex offenders should visit the following websites:

- National: [https://www.nsopw.gov](https://www.nsopw.gov)

Further, to the extent the State notifies an educational institution of information concerning registered sex offenders, the Family Educational Rights and Privacy Act (FERPA) does not prevent educational institutions from disclosing such information. The University currently does not receive information from local law enforcement about registered sex offenders who may be enrolled at or employed at the University.
Crime Statistics for the Past Three Years
The following criminal offenses occurred during the calendar years listed.

The University does not maintain any non-campus property or residential facilities.

Hate Crimes
Hate crimes are those crimes that manifest evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. The categories of bias include the victim’s actual or perceived race, gender, gender identity, religion, sexual orientation, ethnicity, national origin and disability.

The University reports all hate crime statistics separately for the applicable categories of criminal offenses listed in the chart above that occur within the institution’s Clery geography. Additionally, hate crimes statistics are also reported separately for the following offenses: larceny-theft, simple assault, intimidation and
destruction/damage/vandalism of property. There were no reported hate crimes for the years 2017, 2018, or 2019.

**Unfounded Crimes**
Unfounded crimes are those crimes that are removed or withheld from the annual security report after it has been determined that the reported crime was false or baseless. Only sworn commissioned law enforcement personnel can make a formal determination that the report was false or baseless when made and that the crime report was therefore “unfounded.” This does not include a district attorney who is sworn or commissioned, nor does it include a Campus Security Authority. There were no reported crimes for the years 2017, 2018, or 2019 that were determined to be unfounded.

**Residential Facilities**
The University does not maintain University-operated student housing facilities.

**Fire Safety Reporting**
Because the University does not maintain University-operated student housing facilities, it is not required to maintain a log of all fire related incidents, disclose fire statistics, or publish an annual fire safety report.

**Missing Persons**
Because the University does not maintain University-operated student housing facilities, it is not required to publish a missing student notification policy. However, students are encouraged to contact the local police if they have information about a missing person.

**Monitoring Off Campus Locations of Recognized Student Organizations**
The University does not have any officially recognized student organizations with off campus locations and therefore does not monitor or record criminal conduct occurring at such locations.
Drug and Alcohol Abuse Prevention Information
In accordance with the requirements of the Drug-Free Schools and Communities Act of 1989 (Public Law 101-226), and the Drug-Free Workplace Act of 1988 (Public Law 101-690), the University provides all students and employees with the following information concerning University policies and the consequences of the manufacture, distribution, possession, or use of any drug made illegal under federal, state or local law or the illegal possession and/or use of alcohol. In addition, the University conducts a biennial review of its drug and alcohol abuse prevention program to determine its effectiveness and ensure that sanctions are being consistently enforced. For more information about the biennial review, contact the Campus Director. The University also enforces all federal, state and local drug laws, and also enforces the state’s underage drinking laws.

Students must notify the Campus Director, in writing, within five days of being convicted of a criminal drug statute at the University. Disciplinary action will occur within 30 days of receipt of the written notification and may range from a letter of admonishment to dismissal from the University.

Policy Regarding the Possession, Use and Sale of Drugs and Alcohol
Students and employees are prohibited from unlawfully manufacturing, distributing, possessing, or using any drug made illegal as a matter of federal, state, or local law or illegally possessing or using alcohol while on University property or misusing alcohol while participating in any University or work-related activity outside the University or workplace. Violation of this policy will subject students or employees to corrective action up to and including dismissal or termination of employment. In addition, a violation may result in local, state, and/or federal criminal charges.

Enforcement of State and Federal Laws Related to Drugs
The University enforces all federal, state, and local drug laws by referring individuals suspected of violating these laws to local law enforcement. This policy applies to all students, employees, and visitors. Many of the acts which violate this policy also violate criminal law and must be referred for prosecution.

Legal sanctions under local, state, and federal laws may include:
- suspension, revocation, or denial of a driver's license
- loss of eligibility for federal financial aid or other federal benefits
- property seizure
- mandated community service
- felony conviction that may result in 20-50 years imprisonment at hard labor without benefit of parole
- monetary fines

Enforcement of State Laws Related to Underage Drinking
The University enforces all state laws related to underage drinking by referring individuals suspected of violating these laws to local law enforcement. This policy
applies to all students, employees, and visitors. State laws related to underage drinking prohibit persons under 21 years of age from possessing or consuming alcoholic beverages. Furnishing alcoholic beverages to underage persons is also prohibited. No person under legal drinking age or any obviously intoxicated person shall be furnished, served, or given an alcoholic beverage.

**Drug and Alcohol Abuse Prevention**

In addition to local and state authorities, the federal government has four agencies (the Drug Enforcement Agency, U.S. Customs Service, Federal Bureau of Investigation, and the U.S. Coast Guard) engaged in combating illicit drugs. One should be aware that:

- it is a crime to hold someone else’s illicit drugs
- it is a crime to sell fake "dope"
- it is a crime for being in a house where people are using illicit drugs, even if you are not using them
- it is a crime if drugs are in your locker, car, purse, or house which is considered "constructive possession"

Drug abuse, which can affect one’s physical and emotional health and social life, is the utilization of natural and/or synthetic chemical substances for non-medical reasons to affect the body and its processes, the mind and nervous system, and behavior. Drugs can be highly addictive and injurious to the body. Among the manifestations may be loss of sense of responsibility and coordination, restlessness, irritability, anxiety, paranoia, depression, acting slow-moving, inattentiveness, loss of appetite, sexual indifference, coma, convulsions, and death.

There are classic warning signs that could be indicative of drug use. These signs include:

- Unexplained change in personality or attitude
- Drop in attendance and performance at work or school
- Deterioration of physical appearance, personal grooming habits
- Sudden mood swings, irritability, or angry outbursts
- Unexplained need for money or financial problems. May borrow or steal to get it
- Engaging in secretive or suspicious behaviors
- Sudden change in friends, favorite hangouts, and hobbies

Information regarding the effects of commonly abused drugs may be found on the internet at [www.nida.nih.gov/DrugsofAbuse.html](http://www.nida.nih.gov/DrugsofAbuse.html).

Drug and alcohol abuse education programs are offered by local community agencies. The University will post information about such education programs at campus Library’s Circulation Desk.

In certain instances, students may be referred to counseling and/or a substance abuse help center. If such a referral is made, continued enrollment is contingent upon attendance and successful completion of any prescribed counseling or treatment. The
cost of such assistance or treatment will be the responsibility of the student. Students who are seeking treatment for a substance abuse problem may contact the Campus Director’s Office. Confidentiality will be maintained. In addition, students who believe they have a substance abuse problem may find sources of treatment or advice by referring to the section of the local telephone book headed "Drug Abuse & Addiction Information and Treatment."

Employees with questions or concerns about substance dependency or abuse are encouraged to discuss these matters with their manager or Human Resources to receive assistance or referrals to appropriate resources in the community. Employees may also contact the Employee Assistance Program (EAP) by calling 1-800-272-2727.

**There are also national organizations that may be contacted for help, such as:**

- The National Institute on Drug Abuse Treatment Referral Hotline 1-800-662-HELP (4357) or [http://findtreatment.samhsa.gov/](http://findtreatment.samhsa.gov/)
- Al-Anon for Families of Alcoholics 1-888-425-2666 – [www.al-anon.org](http://www.al-anon.org)

**IMPORTANT**

As stated in the institution’s catalog students convicted of any criminal offense while enrolled must report that conviction to the University within ten (10) days of receiving the conviction.
Sexual Assault and Prevention Policy

Consistent with the University’s Non-Discrimination Notice and the U.S. Department of Education’s implementing regulations for Title IX of the Education Amendments of 1972 (“Title IX”) (see 34 C.F.R. § 106 et seq.), the University prohibits Sexual Harassment that occurs within its education programs or activities. The University is committed to creating and maintaining a community in which students, faculty and employees work in an environment free from all forms of discrimination, harassment, or violence. The Sexual Harassment Policy prohibits sexual harassment including: Quid Pro Quo Sexual Harassment, Hostile Environment Sexual Harassment, Sexual Assault, Domestic Violence, Dating Violence, and Stalking.

Administrators, faculty member, staff, students, contractors, guests, and other members of the University community who commit Sexual Harassment are subject to the full range of University discipline including verbal reprimand; written reprimand; mandatory training, coaching, or counseling; mandatory monitoring; partial or full probation; partial or full suspension; fines; permanent separation from the institution (that is, termination or dismissal); physical restriction from University property; cancellation of contracts; and any combination of the same.

The University will provide persons who have experienced Sexual Harassment ongoing remedies as reasonably necessary to restore or preserve access to the University’s Education Programs or Activities.

Information about the scope of this policy as well as support services are available to complainants and respondents is provided in writing to students and employees within the Annual Security Report (this document). This information can also be accessed on the University Safety page.

Reporting Sexual Harassment to the University

Any person may report Sexual Harassment to the Title IX Coordinator. Reports may be made in person, by regular mail, telephone, electronic mail, or by any other means that results in the Title IX Coordinator receiving the person’s verbal or written report. In-person reports must be made during normal business hours, but reports can be made by regular mail, telephone, or electronic mail at any time, including outside normal business hours. Contact information for the Title IX Coordinator can be found in the Contact Information section of this document, or by clicking here.

In addition to reporting to the Title IX Coordinator, any person may report Sexual Harassment to any University employee with managerial authority over other employees, including president’s cabinet members, deans, program chairs, department heads, supervisors, and other managers (collectively “Reporting Officials”) who must promptly forward such report of Sexual Harassment to the Title IX Coordinator.
If you believe you are the victim of Sexual Assault, Domestic Violence, or Dating Violence, get to safety and do everything possible to preserve evidence by making certain that the crime scene is not disturbed. Preservation of evidence may be necessary for proof of the crime or in obtaining a protection order. For those who believe that they are victims of Sexual Assault, Domestic Violence, or Dating Violence, the University recommends the following:

- Get to a safe place as soon as possible.
- Try to preserve all physical evidence of the crime – avoid bathing, using the toilet, rinsing one’s mouth or changing clothes. If it is necessary, put all clothing that was worn at the time of the incident in a paper bag, not a plastic one.
- Do not launder or discard bedding or otherwise clean the area where the assault occurred – preserve for law enforcement.
- Preserve all forms of electronic communication that occurred before, during, or after the assault.
- Contact law enforcement by calling 911.
- Get medical attention – all medical injuries are not immediately apparent. This will also help collect evidence that may be needed in case you decide to press charges. Local hospitals have evidence collection kits necessary for criminal prosecution should you wish to pursue charges. Take a full change of clothing, including shoes, for use after a medical examination.
- Contact a trusted person, such as a friend or family member for support.
- Talk with a professional licensed counselor, University chaplain, or health care provider who can help explain options, give information, and provide emotional support.
- Make a report to the Title IX Coordinator.
- Explore this policy and avenues for resolution under the Title IX Grievance Process.

It is also important to take steps to preserve evidence in cases of Stalking, to the extent such evidence exists. Such evidence is more likely to be in the form of letters, emails, text messages, electronic images, etc. rather than evidence of physical contact and violence. This type of non-physical evidence will also be useful in all types of Sexual Harassment investigations. Students and employees who report to the University that they have been a victim of dating violence, domestic violence, sexual assault, or stalking will receive a written explanation of their rights and options.

Rights for Involved Parties
Complainants are encouraged to exercise their rights, if desired, including the following actions which are provided to the complainant in writing.

- Obtaining immediate medical attention, including a forensic examination (completing a forensic examination does not require the complainant to file a
Police Report

- Receiving counseling referral information
- Receiving information on services for health, advocacy, legal assistance, visa and immigration assistance, and student financial aid
- Completing crime reports
- Seeking supportive measures such as changing academic and work situations (e.g., student’s course schedule; employee’s work environment)
- Seeking a no-contact order from the University and information relating to judicial restraining and protective orders

The University strongly encourages the reporting of sexual harassment, sexual assault, dating violence, domestic violence or stalking in a timely manner. Complainants may report an allegation of the above to the Title IX Coordinator or designee by contacting them either in writing or in person. Complainants also have the option of notifying local law enforcement. If requested by the complainant, the University will assist in notifying law enforcement. The complainant also has the option to decline notifying authorities.

The University will:

(a) provide complainants and respondents with information about existing counseling, health, mental health, advocacy, legal assistance, visa and immigration assistance, student financial aid, and other supportive measures available for both parties, within the University and in the community; and

(b) provide complainants and respondents with written information about their options for, and available assistance in seeking supportive measures, such as changing academic, living, transportation and working situations if requested and reasonably available. Supportive measures will be available irrespective of whether the complainant chooses to report the offense to campus security or to local law enforcement or participate in informal or formal hearing proceedings.

In addition, the Title IX Coordinator or designee will provide the complainant with written information on off-campus organizations and agencies that provide services to victims of a sex offense. Specific contact information for the services identified in this section is listed on the last page of this document or by clicking here.

Requests for supportive measures should be made to the individuals listed in the Contact Information section of this document; these individuals are responsible for deciding what, if any, supportive measures will be implemented. When determining the reasonableness of such a request, the University may consider, among other factors, the following:

- The specific need expressed by the requester
- The burden, if any, of the supportive measure on both parties and the ability to
reduce or mitigate those concerns for each party

- Alternative supportive measures available to accomplish the goal specified by the requester
- The severity or pervasiveness of the allegations
- Any continuing effects of the alleged misconduct
- Whether the parties share the same class or job location
- The age of the parties involved

The University will maintain as confidential any supportive measures provided to the extent that maintaining confidentiality would not impair the University’s ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the supportive measure. Such decisions will be made by the Title IX Coordinator in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the supportive measure is provided. In the event it is necessary to disclose information about a party in order to provide a supportive measure, the University will inform the impacted party of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

If either party informs the institution that they have an order of protection, no-contact order, restraining order or similar lawful order issued by a criminal, civil, or tribal court in effect, the institution will uphold the conditions of the order to the best of its ability. The institution does not issue orders of protection, but will assist parties in identifying available resources to assist them in filing for an order.

In Georgia, a civil restraining order is also known as a "Family Violence Protection Order" which must be requested from a judge (see Contact Information section for details). Restraining orders offer the victim legal protection from domestic violence, harassment, depletion of assets or trademark infringement. It prohibits the offender from having contact with the victim for a specified period of time. If the offender violates a restraining order, it is a crime and he or she could be jailed and charged with more than one crime.

**Confidentiality**

The institution will protect the privacy interests of the parties to the greatest extent practicable. Publicly available recordkeeping, such as mandatory Clery reporting, will be accomplished without the inclusion of identifying information, to the extent permitted by law.

Informing a University employee of alleged misconduct allows the University an opportunity to promptly take remedial action and to investigate so that the complainant may have an academic experience free from discrimination. The University can only address a specific situation if it is aware of it. However, the University understands that some individuals may feel more comfortable speaking with an off-campus resource in lieu of or in addition to a University employee.
Filing a Police Report

Although the procedure for filing a police report varies from city to city, there are basic steps to follow when you file a report.

- Contact the police department in the city where the crime occurred. Talk to a police officer as soon as possible after the crime took place so your memory of the incident and individuals involved is fresh.
- Know that you can file a police report at the police station or ask for an officer to come to your home. Some police jurisdictions allow you to file a police report online. Be prepared to answer questions such as the type of crime that transpired, items missing or damaged, name of the person who committed the crime (if known) and a description of the suspect along with the address and vehicle type (if known). Give your contact information so the officer can follow up with you on the case.
- Receive a case number for your police report. Refer to the number when you want an update on your case and if you would like a copy of the police report.
- Understand that there is no fee to file a police report. However, there is often a fee to get a copy of the police report.

The local police department for the University is the Sandy Springs Police Department, 7840 Roswell Road, Suite 301, Sandy Springs, Georgia 30350; (770) 551-6900.

Investigation Procedures

The University is committed to undertaking prompt, thorough, impartial and fair investigations upon receiving formal notice or allegation of a complaint of sexual misconduct and/or sexual harassment. The University will make no determination regarding responsibility for the alleged conduct until the conclusion of the investigative and adjudicative process. From the initial investigation to the final result, the University will treat all involved individuals with respect and sensitivity. Depending upon the nature of the alleged or suspected policy violation, the relevant University official (or his or her designee) will conduct an investigation either alone or with one or more other University officials as deemed appropriate by the University.

Commencement and Timing

After the written notice of Formal Complaint is transmitted to the parties, an investigator selected by the Title IX Coordinator will undertake an investigation to gather evidence relevant to the alleged misconduct, including inculpatory and exculpatory evidence. The burden of gathering evidence sufficient to reach a determination in the adjudication lies with the University and not with the parties. The investigation will culminate in a written investigation report, specified in “Investigation Report,” that will be submitted to the adjudicator during the selected adjudication process. Although the length of each investigation may vary depending on the totality of the circumstances, the University strives to complete each investigation within sixty (60) days to ninety (90) days of the transmittal of the written notice of Formal Complaint.
Equal Opportunity
During the investigation, the investigator will provide an equal opportunity for the parties to be interviewed, to present witnesses (including fact and expert witnesses), and to present other inculpatory and exculpatory evidence. Notwithstanding the foregoing, the investigator retains discretion to limit the number of witness interviews the investigator conducts if the investigator finds that testimony would be unreasonably cumulative, if the witnesses are offered solely as character references and do not have information relevant to the allegations at issue, or if the witnesses are offered to render testimony that is categorically inadmissible, such as testimony concerning sexual history of the Complainant, as specified in “Sexual History.” The investigator will not restrict the ability of the parties to gather and present relevant evidence on their own.

The investigation is a party’s opportunity to present testimonial and other evidence that the party believes is relevant to resolution of the allegations in the Formal Complaint. A party that is aware of and has a reasonable opportunity to present particular evidence and/or identify particular witnesses during the investigation, and elects not to, will be prohibited from introducing any such evidence during the adjudication absent a showing of mistake, inadvertence, surprise, or excusable neglect.

Documentation of Investigation
The investigator will take reasonable steps to ensure the investigation is documented. Interviews of the parties and witnesses may be documented by the investigator’s notes, audio recorded, video recorded, or transcribed. The particular method utilized to record the interviews of parties and witnesses will be determined by the investigator in the investigator’s sole discretion, although whatever method is chosen shall be used consistently throughout a particular investigation.

Access to the Evidence
At the conclusion of the evidence-gathering phase of the investigation, but prior to the completion of the investigation report, the Investigating Officer will transmit to each party and their advisor, in either electronic or hard copy form, all evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including evidence the University may choose not to rely on at any hearing and inculpatory or exculpatory evidence whether obtained from a party or some other source. Thereafter, the parties will have ten (10) days in which to submit to the investigator a written response, which the investigator will consider prior to completing the investigation report.

The parties and their advisors are permitted to review the evidence solely for the purposes of this grievance process and may not duplicate or disseminate the evidence to the public.

Investigation Report
After the period for the parties to provide any written response as specified in “Access to Evidence” has expired, the investigator will complete a written investigation report that
fairly summarizes the various steps taken during the investigation, summarizes the relevant evidence collected, lists material facts on which the parties agree, and lists material facts on which the parties do not agree. When the investigation report is complete, the investigator will transmit a copy to the Title IX Coordinator. The investigator will also transmit the investigation report to each party and their advisor, in either electronic or hard copy form.

**Training of Investigators**
The official(s) designated to investigate and adjudicate the case shall be trained in the investigation of, and other issues related to Sexual Harassment, Sexual Assault, Domestic Violence, Dating Violence, Stalking, shall not have a conflict of interest or bias for or against any parties involved in the potential Policy violation, and shall have received at least annual training on issues related to these issues delivered by third-party providers with specialized expertise in this area. Topics include, but are not limited to: relevant evidence and how it should be used during a proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts of interest. Training materials are available on the University website; and additional documentation can be requested from the Title IX Coordinator.

**Informal Resolution Process**
At any time after the parties are provided written notice of the Formal Complaint as specified in “Notice of Formal Complaint,” and before the completion of any appeal specified in “Appeal,” the parties may voluntarily consent, with the Title IX Coordinator’s approval, to engage in mediation, facilitated resolution, or other form of dispute resolution, the goal of which is to enter into a final resolution resolving the allegations raised in the Formal Complaint by agreement of the parties. Administrative Adjudication as specified in "Administrative Adjudication” is a form of informal resolution.

The specific manner of any informal resolution process will be determined by the parties and the Title IX Coordinator, in consultation together. Prior to commencing the informal resolution process agreed upon, the Title IX Coordinator will transmit a written notice to the parties that:

- Describes the parameters and requirements of the informal resolution process to be utilized;
- Identifies the individual responsible for facilitating the informal resolution (who may be the Title IX Coordinator, another University official, or a suitable third-party);
- Explains the effect of participating in informal resolution and/or reaching a final resolution will have on a party’s ability to resume the investigation and adjudication of the allegations at issue in the Formal Complaint; and
- Explains any other consequence resulting from participation in the informal
resolution process, including a description of records that will be generated, maintained, and/or shared.

After receiving the written notice specified in this paragraph, each party must voluntarily provide written consent to the Title IX Coordinator, before the informal resolution may commence.

During the pendency of the informal resolution process, the investigation and adjudication processes that would otherwise occur are stayed and all related deadlines are suspended.

If the parties reach a resolution through the informal resolution process, and the Title IX Coordinator agrees that the resolution is not clearly unreasonable, the Title IX Coordinator will reduce the terms of the agreed resolution to writing and present the resolution to the parties for their written signature. Once both parties and the Title IX Coordinator sign the resolution, the resolution is final, and the allegations addressed by the resolution are considered resolved and will not be subject to further investigation, adjudication, remediation, or discipline by the University, except as otherwise provided in the resolution itself, absent a showing that a party induced the resolution by fraud, misrepresentation, or other misconduct or where required to avoid a manifest injustice to either party or to the University. Notwithstanding the forgoing, if the form of informal resolution is Administrative Adjudication as specified in "Administrative Adjudication," there shall not be an agreed resolution requiring the parties’ signatures; instead, the determination issued by the administrative officer shall serve as the resolution and conclude the informal resolution process, subject only to any right of appeal. With the exception of a resolution resulting from the Administrative Adjudication process specified in “Administrative Adjudication,” all other forms of informal resolution pursuant to this Section are not subject to appeal.

A party may withdraw their consent to participate in informal resolution at any time before a resolution has been finalized.

Other language in this Section notwithstanding, informal resolution will not be permitted if the Respondent is a non-student employee accused of committing Sexual Harassment against a student.

**Formal Resolution Process**
The formal resolution process applies (a) when any party so requests in connection with a matter that is eligible for informal resolution; and (b) to all matters that are not eligible for informal resolution (i.e., matters involving alleged or suspected sexual misconduct as well as complaints of an employee violating this policy with a student. The Title IX Coordinator may also elect to use the formal resolution process in any matter when the University deems it appropriate, including when complaints are brought forward anonymously and/or the Title IX Coordinator has received reports of serious misconduct and no particular alleged victim wishes to sign a formal complaint. The University may
consolidate formal complaints where the allegations of sexual harassment arise out of the same facts or circumstances. As part of the formal resolution process, the University may determine that further steps are required to complete the University’s investigation. Formal complaints may be filed with the Title IX Coordinator in person, by mail, or by e-mail. This process applies to both students and University employees.

The following procedural protections apply to matters that are not resolved using the Informal Resolution Process described above:

- **Terminating a Formal Complaint.** The University may terminate the formal resolution process at any time during the investigation or hearing if: (a) a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; (b) the respondent is no longer enrolled or employed by the institution; or (c) the institution is prevented from gathering evidence sufficient to reach a determination regarding the formal complaint or allegations therein. If this occurs, the institution will notify all parties in a timely manner. In some circumstances, such as those where there is an ongoing threat to the campus community, the Title IX Coordinator may decide to pursue formal Title IX processes against an alleged perpetrator even if the complainant withdraws their formal complaint.

- **Standard for Determining Responsibility.** The standard used to determine whether this policy has been violated is whether it is more likely than not that the accused violated this policy. This is often referred to as a “preponderance of the evidence” standard. This standard is utilized in all investigations under Title IX for both students and employees.

**Adjudication Process Selection**

After the investigator has sent the investigation report to the parties, the Title IX Coordinator will transmit to each party a notice advising the party of the two different adjudication processes specified in the Adjudication section of the Sexual Misconduct Policy. The notice will explain that the hearing process specified in the Hearing Process section of the policy is the default process for adjudicating all Formal Complaints and will be utilized unless both parties voluntarily consent to administrative adjudication as specified in the Administrative Adjudication (Optional) section as a form of informal resolution. The notice will be accompanied by a written consent to administrative adjudication and will advise each party that, if both parties execute the written consent to administrative adjudication, then the administrative adjudication process will be used in lieu of the hearing process. Parties are urged to carefully review this policy (including the entirety of the Adjudication section), consult with their advisor, and consult with other persons as they deem appropriate (including an attorney) prior to consenting to administrative adjudication.
Each party will have three (3) days from transmittal of the notice specified in this Section to return the signed written consent form to the Title IX Coordinator. If either party does not timely return the signed written consent, that party will be deemed not to have consented to administrative adjudication and the Formal Complaint will be adjudicated pursuant to the hearing process.

Sanctions; Corrective Actions
The range of potential sanctions/corrective actions that may be imposed are as follows:

Student sanctions may include but are not limited to: written or verbal apology; sexual assault, dating violence, domestic violence or stalking prevention education; verbal, written or final warning; no-contact order issued by the University; probation, suspension, and/or dismissal from the University.

Employee sanctions may include but are not limited to: verbal coaching; documented coaching; formal policy reminder; written warning; final written warning; termination of employment; administrative leave of absence; sexual assault, dating violence, domestic violence or stalking prevention education; training; and/or no-contact order issued by the University. Note: Employees are also subject to all Employee Handbook, department, and workplace policies, including but not limited to the Code of Business Conduct & Ethics.

Guests and other third parties sanctions may include but are not limited to: removal from the University property; referral to law enforcement; requirement to complete prevention education training prior to resuming a relationship with the University; termination of contractual or other arrangements.

The University may also disclose to the complainant information about any sanctions or corrective actions taken that relate directly to the complainant (e.g., a “no contact” order). The University will maintain documentation of all hearings or other proceedings, which can take various forms (e.g., notes, written findings of fact, transcripts, or audio recordings, etc.). Under no circumstances will either party be required to abide by a nondisclosure agreement that would prevent disclosure of the outcome.

Written Decision
After reaching a determination and consulting with the appropriate University official and Title IX Coordinator as required by the “Discipline and Remedies” section of the Sexual Misconduct Policy, the hearing council will prepare a written decision that will include:

- Identification of the allegations potentially constituting Sexual Harassment made in the Formal Complaint;
- A description of the procedural steps taken by the University upon receipt of the Formal Complaint, through issuance of the written decision, including notification to the parties, interviews with the parties and witnesses, site visits, methods used
to gather non-testimonial evidence, and the date, location, and people who were present at or presented testimony at the hearing.

- Articulate findings of fact, made under a preponderance of the evidence standard, that support the determination;
- A statement of, and rationale for, each allegation that constitutes a separate incident of Sexual Harassment, including a determination regarding responsibility for each separate potential incident;
- The discipline determined by the appropriate University official as referenced in the Discipline and Remedies section;
- Whether the Complainant will receive any ongoing support measures or other remedies as determined by the Title IX Coordinator; and
- A description of the University’s process and grounds for appeal, as specified in the Appeal section.

The hearing council’s written determination will be transmitted to the parties. Transmittal of the written determination to the parties concludes the hearing process, subject to any right of appeal as specified in the Appeal section.

Although the length of each adjudication by hearing will vary depending on the totality of the circumstances, the University strives to issue the hearing council’s written determination within fourteen (14) days of the conclusion of the hearing.

**Appeal**

Either party may appeal the determination of an adjudication, or a dismissal of a Formal Complaint, on one or more of the following grounds:

- A procedural irregularity affected the outcome;
- There is new evidence that was not reasonably available at the time the determination or dismissal was made, that could have affected the outcome;
- The Title IX Coordinator, investigator, hearing council, or administrative officer, as the case may be, had a conflict of interest or bias for or against complainants or respondents generally, or against the individual Complainant or Respondent, that affected the outcome.

No other grounds for appeal are permitted.

A party must file an appeal within seven (7) days of the date they receive notice of dismissal or determination appealed from or, if the other party appeals, within three (3) days of the other party appealing, whichever is later. The appeal must be submitted in writing to the appeals officer, who is identified and serves as the appeal officer for the formal case. The appeal must specifically identify the determination and/or dismissal appealed from, articulate which one or more of the three grounds for appeal are being
asserted, explain in detail why the appealing party believes the appeal should be granted, and articulate what specific relief the appealing party seeks.

Promptly upon receipt of an appeal, the appeal officer will conduct an initial evaluation to confirm that the appeal is timely filed and that it invokes at least one of the permitted grounds for appeal. If the appeal officer determines that the appeal is not timely, or that it fails to invoke a permitted ground for appeal, the appeal officer will dismiss the appeal and provide written notice of the same to the parties.

If the appeal officer confirms that the appeal is timely and invokes at least one permitted ground for appeal, the appeal officer will provide written notice to the other party that an appeal has been filed and that the other party may submit a written opposition to the appeal within seven (7) days. The appeal officer shall also promptly obtain from the Title IX Coordinator any records from the investigation and adjudication necessary to resolve the grounds raised in the appeal.

Upon receipt of any opposition, or after the time period for submission of an opposition has passed without one being filed, the appeal officer will promptly decide the appeal and transmit a written decision to the parties that explains the outcome of the appeal and the rationale.

The determination of a Formal Complaint, including any discipline, becomes final when the time for appeal has passed with no party filing an appeal or, if any appeal is filed, at the point when the appeal officer has resolved all appeals, either by dismissal or by transmittal of a written decision.

No further review beyond the appeal is permitted.

Although the length of each appeal will vary depending on the totality of the circumstances, the University strives to issue the appeal officer’s written decision within (21) days of an appeal being filed.

**Retaliation**

It is a violation of this policy to engage in Retaliation. Reports and Formal Complaints of retaliation may be made in the manner specified in the Reporting Sexual Harassment, and Formal Complaint sections. Any report or Formal Complaint of Retaliation will be processed under this policy in the same manner as a report or Formal Complaint of Sexual Harassment, as the case may be. The University retains discretion to consolidate a Formal Complaint of Retaliation with a Formal Complaint of Sexual Harassment for investigation and/or adjudication purposes if the two Formal Complaints share a common nexus.

**Confidentiality**

The University will keep confidential the identity of any individual who has made a report or Formal Complaint of Sexual Harassment or Retaliation including any
Complainant, the identity of any individual who has been reported to be a perpetrator of Sexual Harassment or Retaliation including any Respondent, and the identity of any witness. The University will also maintain the confidentiality of its various records generated in response to reports and Formal Complaints, including, but not limited to, information concerning Supportive Measures, notices, investigation materials, adjudication records, and appeal records. Notwithstanding the foregoing, the University may reveal the identity of any person or the contents of any record if permitted by FERPA, if necessary to carry out the University’s obligations under Title IX and its implementing regulations including the conduct of any investigation, adjudication, or appeal under this policy or any subsequent judicial proceeding, or as otherwise required by law. Further, notwithstanding the University’s general obligation to maintain confidentiality as specified herein, the parties to a report or Formal Complaint will be given access to investigation and adjudication materials in the circumstances specified in this policy.

In order to comply with the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99), and to provide an orderly process for the presentation and consideration of relevant information without undue intimidation or pressure, the process is not open to the general public. Accordingly, CTU will not disclose documents prepared in anticipation of the meeting, documents, testimony, or other information provided to the Council for review, and any transcript of the meeting itself may not be disclosed outside of the proceedings, except as may be required or authorized by law and/or CTU policy.

While the University will maintain confidentiality specified in this Section, the University will not limit the ability of the parties to discuss the allegations at issue in a particular case. Parties are advised, however, that the manner in which they communicate about, or discuss a particular case, may constitute Sexual Harassment or Retaliation in certain circumstances and be subject to discipline pursuant to the processes specified in this policy.

Note that certain types of Sexual Harassment are considered crimes for which the University must disclose crime statistics in its Annual Security Report that is provided to the campus community and available to the public. These disclosures will be made without including personally identifying information.

**Bad Faith Complaint and False Information**

It is a violation of this policy for any person to submit a report or Formal Complaint that the person knows, at the time the report or Formal Complaint is submitted, to be false or frivolous. It is also a violation of this policy for any person to knowingly make a materially false statement during the course of an investigation, adjudication, or appeal under this policy. Violations of this Section are not subject to the investigation and adjudication processes in this policy; instead, they will be addressed under the Student
Conduct Policy in the case of students and other University policies and standards, as applicable, for other persons.

**Prevention and Awareness Programs**
The University will provide primary prevention and awareness programs for all incoming students and new employees that address topics including definitions, risk reduction, bystander intervention, reporting and investigation procedures, and sanctions as described within this document. The University will also provide ongoing prevention and awareness campaigns for students and employees that include this same information.

Specifically, these programs:
- Identify that the University prohibits any forms of conduct that can be identified as domestic violence, dating violence, sexual assault and stalking; and
- Define dating violence, domestic violence, sexual assault and stalking and identify what behavior and actions constitute consent to sexual activity as those terms are defined by the local jurisdiction.

Information about these definitions can be found in the “Definitions” section of this document. The prevention and awareness campaigns are also designed to promote risk reduction and safe options for bystander intervention as described below.

**Warning Signs of Abusive Behavior**
General crime prevention strategies can help reduce the risk of falling victim to sexual related crimes (see the Reducing Risk section earlier in this document). In addition, recognizing the warning signs of abusive behavior can serve as a deterrent to sexual related crimes. The following is an example of behaviors seen in people who abuse their partners. If someone exhibits more than three of any of these warning signs, there is a strong potential for abuse in the relationship. An abuser may exhibit only a few of these behaviors, but they may be quite exaggerated.

- Past abuse
- Threats of violence or abuse
- Breaking objects
- Use of force during an argument
- Jealousy
- Controlling behavior
- Quick involvement
- Unrealistic expectations
- Isolation
- Blames others for problems
- Blames others for their feelings
- Hypersensitivity
- Cruelty to animals or children
- Jekyll-and-Hyde personality

**Bystander Intervention**
An engaged bystander is someone who intervenes in a safe and positive way before, during, or after a situation or event in which they see or hear behaviors that promote dating violence, domestic violence, sexual assault, or stalking. The bystander approach attempts to teach community members how to be engaged bystanders in a safe and effective way.
Primary prevention activities take place before violence happens to prevent perpetration or victimization. If you see someone in danger of being assaulted:

- Step in and offer assistance. Ask if the person needs help. Before stepping in, make sure to evaluate the risk. If it means putting yourself in danger, call 9-1-1 instead.
- Don’t leave. If you remain at the scene and are a witness, the perpetrator is less likely to do anything.
- If you know the perpetrator, tell the person you do not approve of their actions. Ask the person to leave the potential victim alone.

Information about bystander intervention is provided to students and staff on their respective campus portals.

**Ongoing Prevention and Awareness Campaigns**
In 2019, the University hosted events in recognition of Sexual Assault Awareness Month and National Campus Safety Awareness Month. Some of the events included are as follows:

- Email campaign, electronic message board announcements, and student and faculty portal announcements on topics of Victim Rights, Avoiding Being a Victim, and Being an Engaged Bystander
- Campus Information Table with handouts on campus security and sexual assault policy and prevention information.
- Criminal Justice Event discussing cold cases, victim awareness.

For additional information about these campaigns, please visit the Campus Director’s Office.

Definitions

Additional definitions related to the Sexual Harassment Policy are available here.

Campus Security Authority
A campus security authority (CSA) is any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department; any individual to whom students and employees should report criminal offenses; or an official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student discipline and campus judicial proceedings.

Consent
The State of Georgia does not define “Consent” in reference to sexual activity. However, the State of Georgia defines "without consent" as a circumstance in which "a person whose concurrence is required has not, with knowledge of the essential facts, voluntarily yielded to the proposal of the accused or of another." O.C.G.A. § 16-1-3

The institution has determined, based on good-faith research, that Georgia law does not define the term consent. Therefore, the University utilizes the federal definition when investigating sexual harassment complaints.

Consent must be informed, voluntary, and mutual, and can be withdrawn at any time. There is no consent when there is force, expressed or implied, or when coercion, intimidation, threats, or duress is used. Whether a person has taken advantage of a position of influence over another person may be a factor in determining consent. Silence or absence of resistance does not imply consent. Past consent to sexual activity with another person does not imply ongoing future consent with that person or consent to that same sexual activity with another person. The manner of a person’s dress does not constitute consent.

A person cannot consent to sexual activity if that person is unable to understand the nature of the activity or give knowing consent due to circumstances, including without limitation the following: (a) the person is incapacitated due to the use or influence of alcohol or drugs; (b) the person is asleep or unconscious; (c) the person is under age; or (d) the person is incapacitated due to mental disability. 34 CFR § 668.46

Dating Violence
The institution has determined, based on good-faith research, that Georgia law does not define the term dating violence. Therefore, the University utilizes the federal definition when investigating sexual harassment complaints.

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purpose of this definition:
• Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
• Dating violence does not include acts covered under the definition of domestic violence. 34 CFR § 668.46

Domestic Violence
The State of Georgia does not define “Domestic Violence” but defines “Family Violence” as:

“[T]he occurrence of one or more of the following acts between past or present spouses, persons who are parents of the same child, parents and children, stepparents and stepchildren, foster parents and foster children, or other persons living or formerly living in the same household:
(1) Any felony; or
(2) Commission of offenses of battery, simple battery, simple assault, assault, stalking, criminal damage to property, unlawful restraint, or criminal trespass.

The term ‘family violence’ shall not be deemed to include reasonable discipline administered by a parent to a child in the form of corporal punishment, restraint, or detention.” O.C.G.A. § 19-13-1.

Responsible Employees
A responsible employee is any employee who (a) has the authority to take action to redress the harassment; (b) has the duty to report to appropriate University official(s) sexual harassment or any misconduct by students or employees; or (c) is an individual who a student could reasonably believe has this authority or responsibility. Responsible Employees include faculty, staff, and administrative personnel.

Stalking
“(a)(1) A person commits the offense of stalking when he or she follows, places under surveillance, or contacts another person at or about a place or places without the consent of the other person for the purpose of harassing and intimidating the other person. For the purpose of this article, the terms ‘computer’ and ‘computer network’ shall have the same meanings as set out in Code Section 16-9-92; the term ‘contact’ shall mean any communication including without being limited to communication in person, by telephone, by mail, by broadcast, by computer, by computer network, or by any other electronic device; and the place or places that contact by telephone, mail, broadcast, computer, computer network, or any other electronic device is deemed to occur shall be the place or places where such communication is received. For the purpose of this article, the term ‘place or places’ shall include any public or private property occupied by the victim other than the residence of the defendant. For the purposes of this article, the term ‘harassing and intimidating’ means a knowing and willful course of conduct directed at a specific person which causes emotional distress by placing such person in reasonable fear for such person's safety or the safety of a member of his or her immediate family, by establishing a pattern of harassing and intimidating behavior, and which serves no legitimate purpose. This Code section shall not be construed to require that an overt threat of death or bodily injury has been made.
(2) A person commits the offense of stalking when such person, in violation of a bond to keep the peace posted pursuant to Code Section 17-6-110, standing order issued under Code Section 19-1-1, temporary restraining order, temporary protective order, permanent restraining order, permanent protective order, preliminary injunction, or permanent injunction or condition of pretrial release, condition of probation, or condition of parole in effect prohibiting the harassment or intimidation of another person, broadcasts or publishes, including electronic publication, the picture, name, address, or phone number of a person for whose benefit the bond, order, or condition was made and without such person's consent in such a manner that causes other persons to harass or intimidate such person and the person making the broadcast or publication knew or had reason to believe that such broadcast or publication would cause such person to be harassed or intimidated by others.”  O.C.G.A. § 16-5-90

**Sexual Assault**
The institution has determined, based on good-faith research, that Georgia law does not define the term sexual assault. Therefore, the University utilizes the federal definition when investigating sexual harassment complaints.

- An offense that meets the definition of rape, fondling, incest or statutory rape as used in the FBI’s UCR program and included in Appendix A of 34 CFR Part 668.  34 CFR § 668.46

**Sexual Offenses**
The institution has determined, based on good-faith research, that Georgia law does not define the term sexual offenses. Therefore, the University utilizes the federal definition when investigating sexual harassment complaints.

Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

- **Rape:** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- **Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- **Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.
- **Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.  34 CFR § 668.46
